

Gates Of Understanding: Shaare Binah

When we think of the universe in this modern day, we know for certain that Saturn is not the outermost planet and we know that there are other planets surrounding the stars that make up our familiar constellations. Distance seems the only "abyss" between us and those other realms.

To us, the universe is an astrophysical phenomenon, a rational and ultimately understandable occurrence, but to the ancients, the universe was a *symbol* of the Divine. So, for our modern minds to understand the meaning of symbol-Saturn, we have to let go of our modern scientific-knowledge of the universe and surround ourselves instead with the ancient's symbolic-knowledge.
